

## Rejuvenating Face Scrub (50ml)

*Suitable for all skin types unless there is irritation or broken skin such as cystic acne, weeping eczema or excessive psoriasis.*

**100% natural; 97.36% certified organic**

### Description

The Rejuvenating Face Scrub has a deep yet gentle cleansing action which exfoliates the top layer of dead skin. This leaves your skin feeling clean and refreshed with an all round smoother retextured feel.

### Key ingredients

The exfoliating action is created by the **Luffa Sponge** gourd and the **Macadamia Kernel** granules which give a stimulating but nice soft-edged effect so preventing micro-tearing of the skin which can result in redness and irritation.

### Use

Apply a small amount of Rejuvenating Scrub onto moist and cleansed skin and gently massage in small circular motions. Wipe off with damp cotton wool. Gently pat the skin with a soft clean towel. Use twice a week preferably at night to achieve a clean, glowing complexion and youthful skin.
